

To whom it may concern,

I am more than happy to be writing this letter of recommendation on behalf of a great company, Twin Valley Coffee. With many locations throughout southeast Pennsylvania, Twin Valley Coffee has been serving a range of tasteful hot and cold drinks for the past decade.

Starting from a wholesome old gazebo with deep roots in its community, Twin Valley Coffee has greatly evolved over the past decade and developed many new items and bean flavors. From a range of tasteful drinks to apparel options and a variety of pre-roasted beans for purchase, Twin Valley Coffee has something for everyone!

Being a major pillar in the community, Twin Valley Coffee takes pride in the relationships created through having elevated customer service. The staff at every location all go above and beyond to make sure customers feel welcomed into the stores, even remembering coffee orders to make the customers feel like it's home.

I recommend Twin Valley Coffee for its great sense of dedication to the community through exceptional customer service. Twin Valley Coffee has quickly become a favorite in the community, striving to create every cup of coffee with intention.

Sincerely,

Laura Fitts
