

To Prospective clients of David Burke and Schooley Mitchell:

I am writing this testimonial to recommend the cost reduction services of David Burke and his team at Schooley Mitchell to any business looking to save money.

At Optimal Spine and Body, we are committed to providing our clients with the highest quality and best service in chiropractic care. Located in Alpharetta, our focus on results, our years of experience and education, and our attention to detail enables us to provide the best possible treatment for our patients.

Schooley Mitchell's own attention to detail enabled them to find significant savings for our practice. We agreed to let them do an audit of our business expenses because David informed us that there would be no up-front cost for their services. Instead, Schooley Mitchell just charges a percentage of the savings after they are found.

True to his word, David returned after a few weeks with the results of the audit - over 40% savings on our merchant services bills and 20% on our telecom! The money we are saving every year can be put directly back towards improving our services for our clients, educating our staff, and purchasing important equipment.

We extend our thanks to David and Schooley Mitchell, and we sincerely recommend their cost reduction services to any organization looking to save on their bills.

Sincerely

Dr. Michael Weiner
