

To whom it may concern,

I would like to take this opportunity to write a letter of recommendation on behalf of a great local business, New Roots Garden Centre. Located in Newmarket, Ontario, New Roots Garden Centre is a full-service garden centre that offers a variety of quality products and services.

The product lineup at New Roots Garden Centre includes flowers, trees and shrubs, houseplants, seeds and bulbs, potting mixes, fertilizers, garden tools, décor and much more. It also offers services such as lawn removal and installation, garden creation, and tree and shrub planting.

At New Roots Garden Centre, it is truly the team standing behind it that makes all the difference. Each one is highly trained and knowledgeable in the industry and a true pleasure to interact with. They go above and beyond for their customers, always taking the time to talk to them and answer any questions to help them find exactly what they need.

I highly recommend New Roots Garden Centre to anyone looking to give their lawn or garden a serious makeover. With its great team, you can rest assured knowing they'll help you find the right products to meet your unique needs and bring your property to life.
