To whom it may concern,

Writing on behalf of Power Lines, Inc., I would like to thank Rich Bello of Schooley Mitchell for the work his team did in analyzing our telecom and small package shipping expenses.

Power Lines is a family-owned and operated aftermarket belting and manufacturing supplier to a wide range of industries. For over 50 years we have been providing unmatched service and logistical support for all your specialty product manufacturing and packaging needs.

Rich's team reviewed our invoices for billing errors, usage, and pricing structures to determine whether savings could be found. This resulted in 44.8% in small package shipping savings to-date.

The entire process was managed professionally by Schooley Mitchell and required very little effort for us. Every aspect of the process was handled seamlessly every step of the way. As promised, their post audit process has been transparent and accurate. We only pay based on the actual savings recovered!

In the future, we can rest assured knowing we have Rich and Schooley Mitchell to continually monitor our expenses and understand our needs, all with our best interest in mind.

Best regards,

Best Regards,
