To whom it may concern,

I highly recommend Miguel Cardenas of Schooley Mitchell. We engaged Miguel to do an audit of our e-Signature expenses. We were excited to see what Schooley Mitchell could do for our business.

Sound Life Solutions has provided sound insurance and investment advice for over 10 years and having a good platform for the exchange of legal documents is essential.

Miguel's team analyzed our current e-signature vendor's invoices and new quotes to determine if savings could be found without compromising the quality of service. I was incredibly happy with how easy Schooley Mitchell's process was for us. All that was required was a quick conversation about our set up and future needs, access to our invoices and contracts, and then Schooley Mitchell did all the work from there.

I was thrilled when Miguel came back to me and presented a detailed report showing that Schooley Mitchell was able to identify savings of \$2,700.00 per year. Now we have the peace of mind that we are not overspending, as well as extra funds to reinvest back into our budget.

As our business continues to grow, we did not have the time required to research all the different e-Signature solutions on the market and to find out what would be the best and most cost-effective solution to cover our business growth and increasing needs.

Overall, my experience with Schooley Mitchell and Miguel Cardenas was great, and I would not hesitate to recommend them. Miguel is professional and passionate about the work he does!

Sincerely,
