To Whom it may concern:

Khattar & Khattar Barristers & Solicitors is a law firm in Sydney, NS covering all areas of law since the early 1930s.

We recently engaged Axel Nafthal of Schooley Mitchell to help us reduce operating expenses in the areas of Telecom and Merchant Services.

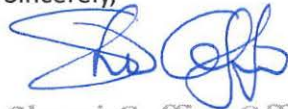

With minimum effort on our part, Axel and his team began an analysis that culminated in savings of over 30% on Telecom and Internet, as well as over 25% on Merchant Services processing costs.

Their only fee is a share of the documented savings they secured. Money we were already spending.

We receive regular reports documenting our ongoing savings and are comfortable that Axel and his team are vigilant in checking we are being properly charged.

Schooley Mitchell has become a valuable partner in helping Khattar & Khattar optimize our operating expense.

Sincerely,

Sherri Coffin, Office Manager
