

To whom it may concern,

I would like to take this opportunity to write a letter of recommendation on behalf of a great company, Suncoast Commercial Door & Hardware, Inc. Founded in 2004, Suncoast Commercial Door & Hardware, Inc. provides quality commercial door services to a host of industries.

Suncoast Commercial Door & Hardware, Inc. got its start offering tailored services to small office buildouts, industrial buildings, and private commercial construction. Over the years it expanded to incorporate the medical industry, public and private government sectors, higher education facilities, ground-up hotel and office buildings, and restaurant and retail buildouts. Today, it proudly offers upgrades, installations, repairs, and remodeling as well as fire code inspections.

At Suncoast Commercial Door & Hardware, Inc., it isn't just the service that is exceptional – the team is as well. Each one is well trained and knowledgeable of the industry. Not to mention, they are a true pleasure to deal with, always treating people with respect and a warm and friendly demeanor. They work closely with their clients and go above and beyond to ensure each one receives the best products and services for their unique needs.

I highly recommend Suncoast Commercial Door & Hardware, Inc. to anyone who needs commercial door services. From start to finish, its great team has the skill and know-how to handle the job properly, on time and within budget.

Sincerely,

William Sever
